4) The proposal of the P.W. Council Davangere for the Continuance of the Services of the Overseer on a Permanent basis - is for Orders

JS 12/10

5) The resolution of the Dist. Council is not specific - it is resolved that one overseer or a sub-overseer may be appointed permanently. The Commr reports that the present is wrong for the continuance of the Services of the overseer who is not yet relieved. It is perhaps desirable to get a specific resolution of the Dist. Council whether they require a overseer or a sub-overseer until a specific resolution is passed and a post created, the present incumbent cannot be continued

MG 13/10

6) The note given by the Comr explains the position clearly. He states that it is better to continue two Subovereseers and discontinue one Supervisor. The cost of maintaining two Subovereseers is Rs 170-10-0 per month whereas the cost of having a graduate Surveyor will be Rs 183-5-4 per month. The Commissioner states that it is better to retrench the Post of a Supervisor. At present, there are 1 Assistant Engineer, 1 Supervisor, one Subovereseer

MUNICIPAL BRANCH

Sir

Subj -

I write to state that Sri Shivarudraiah, B E , Assistant Engineer posted to this Municipality in Government notification No PWA 3224-37/ est 9-55-33 dated 20th July 1955, joined duty in this Municipality on 13th August 1955

Further I wish to bring to your kind notice that as per Government order No L 14110-17/CM 4-53-50 dated 1-2-54 both the overseer and Sub-Overseer working in this Municipality had no place here, since Government in their above order dated 1-2-1954 have accorded sanction to the continuance of the posts of the overseer and Sub-Overseer only till the Assistant Engineer assumes charge As such a reference was made to the Chief Engineer in Mysore Bangalore on the 13th August 1955, alone, that Sri P Malappa Sub-Overseer who stands transferred to Labour Housing Corporation has been relieved on that day and that the Overseer Sri B C Thiwari may be transferred very early

In the meanwhile the Municipal Engineer submitted a report that on account of heavy work in the Municipality the services of one Overseer or Sub-Overseer with the existing supervisor is quite necessary to execute all items of works

The Municipal Council at their meeting held on 10-9-1955 have resolved that one Overseer or a Sub-Overseer in addition to the graduate survevor be appointed permanently in view of the circumstances explained by the Municipal Engineer The resolution of the Municipal Council is not definite either to entertain the services of a overseer or a Sub-Overseer But the President is urging me to continue the services

of Sri B.G Thiwari Overseer working in t is Municipality for the last 3 years (vide copy of letter dated 17th September 1955 of the President addressed to me enclosed herewith for kind information)

In these circumstances, I request you kindly to obtain and communicate sanction of Government for the continuance of the services of the Overseer on a permanent basis in addition to the Graduate Surveyor

A copy of the resolution of the Municipal Council and my note on the subject are enclosed herewith fof kind information of Government

Forwarded

(C Keshavamurthy,)
PRESIDENT,
CITY MUNICIPAL COUNCIL,
DAVANGERE

Yours faithfully,

(G K Rangia Naik,)

MUNICIPAL COMMISSIONER'S, NOTE

(4)

Subject No 13 of the Agenda for the Meeting of the Municipal Council held on 10-9-1955

Subject - Continuation of Overseer and Suboverseer

Government in their order No L 14110-17/CM 4-53-56, dated 1-2-54 have accorded sanction to the continuance of one Sub-overseer and one one overseer only till the Assistant Engineer posted for duty assumes charge in this Municipality According to the above Government Order the posts of one oversser and one Sub-overseer have to be retrenched from the date the Assistant Engineer assumed charge in this office i e , 13-8-1955, and accordingly a reference has been made to the Chief - Engineer in Mysore, Bangalore to withdraw the services of both the Oversser and sub-overseer working in this Municipality

Now the Municipal Engineer in his report No T 511/55-56, dated 23-8-1955 has submitted for the continuance of the services of either one overseer or one Sub-overseer in addition to the existing Supervisor as there are innumerable works to be executed and one Supervisor is unable to execute all the works etc

As reported by the Municipal Engineer it is true that the work cannot be managed by a single Supervisor But as per Government - Order neither the overseer nor the Sub-Overseer could be continued - here

It is therefore suggested that the post of the Supervisor be permanently retrenched and the services of Two Suboverseer entertained permanently in the interest of work The average cost of maintainance of Two suboverseers will be Rs 170-10-0 per month where as it is Rs 183-6-4 for one Graduate Surveyor Hence thecost is withing the Budget provision made for 1955-56, and the salary of these two suboverseers could be met out of the Salary that is being paid to the single Supervisor

(G K Rangia Naik,)
Municipal Commissioner,
Davangere City Municipality

Sir

Subj - Continuance of the services of the Overseer on a permanent basis in addition to the Graduate Surveyor

---

With reference to your letter No L 10014 dated 16-11-1955 on the above subject, I write to state that at present only 1 Assistant Engineer and one Supervisor are working in this Municipality From a perusal of this office letter of even No dated 21st September 1955 it may kindly be seen that it has been made clear (please see 2nd para) that as per Government Order No L 14116-17/KM 4-53-56, dated 1-2-1954 both the Overseer and Sub-overseer working in the Municipality have no place here with effect from 13-8-1955 consequent on the Assistant Engineer assuming charge in this Municipality on 13-8-1955 It has also been stated therein that the Sub-overseer had been relieved Subsequently since orders were received from the Chief Engineer transferring Sri B G Thiwari overseer to Public Works Department and since orders of Government were not yet received he was also relieved in this Municipality on 15-9-1955

Further I also wish to bring to your kind notice that the Municipal Council at their meeting held on 13-11-1955 have resolved that the sanctioned post of the Assistant Engineer in this Municipality be upgraded to that of an Executive Engineer tentatively for a period of one year since there are many improvement works to be undertaken by the Municipality etc Accordingly Government in their notification No Ch S 15121 GE 6-55-19, dated 19-11-1955 have promoted Sri C Shivarudriah, Assistant Engineer, working in this Municipadity to officiate as Executive Engineer and continued him in this Municipality

The amount spent on public works by the Municipality fro the last four years is noted below for your kind perusal

1951-52	Rs 1,63,304/-
1952-53	Rs 2,55,654/-
1953-54	Rs 2,35,479/-
1954-55	Rs 2,54,463/-

The amount provided in the current years sanctioned budget of the Municipality is as follows -

Original works	Rs 2,08,087/-
Repairs	20,000/-
Water Supply pipe line works	22,000/-

The amount provided in the Budget of the current years tow staff in the Engineering Section meant for carrying on public works is Rs 18,000/-

The expenditure that is being incurred at present on the staff of the Engineering Section is noted below -

1) One Assistant Engineer's Salary including H.A and C A	Rs.530-0-0
2) One Supervisor	Rs 217-8-0
3) One Assistant Draftsman	Rs. 83-0-0
4) Two II Division Clerks	Rs.172-10-0
5) One Store Keeper	Rs 73-0-0
6) Two Peons	Rs 76-0-0
7) Two watchmen	Rs 76-0-0
8) 10 gang coolies	Rs 380-0-0
Total .	1,608-2-0

Up to end of October 1955 an expenditure of Rs 11,623/- is incurred and a sum of Rs ~~8,199~~ 8040/- will be required for the remaining 5 months of the current year making a total expenditure of Rs.19,~~813~~663/- thus exceeding the budget provision by Rs 1,~~613~~663/- This excess is due to the fact that there was no Municipal Engineer in this Municipality during the last 3 years and provision was made in confirmity with the actuals during the previous year The average cost of

(10)

of entertaining the services of an overseer would be about Rs 150/- P M and the total cost for the remaining 4 months during the current year works out to Rs 600/- Hence a total sum of Rs 2,263/- has to be met by re-appropration from some other heads during the current year

Since there will be an Executive Engineer in this Municipality for a period of one year much work cannot be expected of him if sufficient staff is not given to him During the current year the Municipal Council intends to undertake many important improvement works such as construction of a Restaurant building in the Bus Stand, Canteen building behind Muhicipal Office, Big box drain to halla in Hadadi Cooly colony, asphahalting and cement conrreting of several roads in the City etc It will be very difficulty for the Municipal Engineer aided by a single Supervisor to cope up with the day to day work Besides public works the Municipal Engineer will have to look after the Water Supply and maintenance work and also attend to building license records etc

In these circumstances I request you kindly to obtain sanction of Government for appointment of an Overseer on a permanent basis

Forwarded,

C Kesavamurthy

(C Kesnavamurthy,)
